EDUCATION

Bachelor of Technology in Computer Science
National Institute of Technology, Kurukshetra

11/2022 - Present   *CGPA-- 8.83*

Class 12th
Adarsh Vidhya Mandir, Mount Abu

03/2020 - 04/2021   *Percentage- 93.4%*

PERSONAL PROJECTS

Fine-tuned two LLMs for Translation
- **Fine-tuned two models from Hugging Face for two translation tasks, including English to Hindi question answering and pseudo code translation.**

Self-Learning Game Using Neural Network
- **Successfully designed and implemented a platformer game that learns to play itself using a fully connected neural network. Developed another version of the game that uses Reinforcement Learning to learn how to play the game.**

OCR-based Code Screenshot to Code Text Converter
- **Designed a Python app using the Streamlit library and optical character recognition library PyTesseract**

AI Telegram Bot
- **Successfully developed and deployed a Telegram Bot for AI chat using Google's Gemini API and NodeJS. I also developed a similar working AI chatbot using Python.**
